

27th Annual

German-American Faculty Symposium

August 1-4, 2022

<https://germanamericansymposium.charlotte.edu/>

The German-American faculty symposia grew out of an ongoing partnership between the University of North Carolina at Charlotte and the Pädagogische Hochschule Ludwigsburg which began in 1981 with a student and faculty exchange in the field of foreign languages. Over the years, the symposia have broadened to include other subject areas, particularly in the field of education. The first faculty symposium occurred in Ludwigsburg in May 1995. Since then, symposia have occurred each year alternating between Charlotte and Ludwigsburg.

The Cato College of Education at the University of North Carolina at Charlotte is a national leader in educational equity, excellence, and engagement. Committed to preparing highly effective and ethical professionals who have a positive impact on children, youth, families, communities, and schools in urban and other diverse settings, the College's graduates are routinely successful in a variety of school and community environments. The College seeks to be an influential educational partner in our increasingly interconnected global society and is proud to host the 27th German-American faculty symposium!
